

Dear Prime Minister,

The time is now to lead the UK towards a healthier, greener, fairer future. Ahead of hosting the United Nations climate summit in Glasgow in 2021, we can build back better together if we:

- **Unleash a clean energy revolution** that boosts jobs across the UK, making our transport, power and housing fit for the future
- **Protect, restore and expand our green and wild spaces;** allowing nature to thrive, taking carbon from the air and boosting the nation's health
- **Leave no one behind** by increasing support to those most vulnerable to the impacts of climate change at home and abroad

The UK must lead the world by ensuring our recovery gets us on track to net-zero emissions and limits the rise in global temperature to 1.5 degrees C. Our best chance of building a resilient economy goes hand in hand with tackling climate change.

We are ready to play our part, and we call on you to join us.

**THANK YOU FOR ADDING
YOUR GROUP TO THE
DECLARATION**
