

Date: November 2022

Action Plan

Eco-Schools Topic:
School Grounds

Aim: To improve the school grounds for students, staff, plants and animals.

Action(s):

Fundraise for a green wall outside.

Fundraise for solar panels.

How long will it take?

It may take over a year to fundraise enough money.

How we will monitor progress:

Surveys from classes.

Check energy levels.
Evaluation:

Eco-Schools Topic:
Biodiversity

Aim: To improve the biodiversity around the school grounds.

Action(s):

Organise events to reduce consumption and raise awareness.

Look at planting trees and placing planters within the school grounds.

How long will it take?

It may take over a year to fundraise enough money.

Who is responsible?
Eco-committee, Energy monitors, school staff and FOGL support

How we will monitor progress:

More awareness visuals around school.
Consider money saved by school.

Eco-Schools Topic:
Waste

Aim: To further reduce waste around school.

Action(s):

Arrange regular litter picks by all classes.

Organise a competition

Check bins are emptied regularly.

How long will it take?

This should be reviewed in December 2022

Who is responsible?
Eco-committee, Site Supervisor, staff and students

How we will monitor progress:

Involvement of litter picking by classes and any comments they have about the school grounds.

Photos of school grounds.
