

## SEND Information Report

Green Lane Primary Academy is an inclusive school that ensure all pupils achieve their potential personally, socially, emotionally, and academically in all areas of the curriculum regardless of gender, sexual orientation, ethnicity, social background, religion, physical ability or educational needs.

Pupils are identified as having Special Educational Needs and Disability when they have greater difficulty in learning than the majority of children of the same age and/or a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age within the areas of the Local Education Authority. Where a child is identified as having SEND an induction meeting will be arranged prior to admission to ensure that school can adequately meet the pupil's needs. Green Lane Primary Academy has put measures in place to cater for pupils with physical, visual and hearing disabilities by installing ramps, lifts, disabled toilets with changing beds, rails, adequate lighting, disabled parking bays and Personal Emergency Evacuation Plans. Green Lane Primary Academy works to comply with:

Children and Families Act 2014 Section 69 [www.legislation.gov.uk/ukpga/2014/6/section/69](http://www.legislation.gov.uk/ukpga/2014/6/section/69)

### HOW COULD MY CHILD GET HELP IN SCHOOL?

Children in school will get support that is specific to their individual needs. This may be all provided by the class teacher or may involve:

- Other staff in the school
- Staff who will visit the school from the Local Authority central services such as the ASD Team or Sensory Service (for students with a hearing or visual need)
- Staff who visit from outside agencies such as the Speech and Language therapy (SALT) Service

This may be from:</p> <ul style="list-style-type: none"> <li>• STARs Team, Hearing Impaired Team, Visually Impaired Team Physical and Medical Team</li> <li>• Outside agencies such as the Speech and Language therapy (SALT) Service, Educational Psychologist and Cognition and Learning Team</li> </ul>	<p>☐ You may be asked to give your permission for the school to refer your child to a specialist professional e.g a Speech and Language Therapist or Educational Psychologist. This will help the school and yourself understand your child's particular needs better and be able to support them better in school.</p> <p>☐ The specialist professional will work with your child to understand their needs and make recommendations, which may include:</p> <ul style="list-style-type: none"> <li>○ Making changes to the way your child is supported in class e.g. some individual support or changing some aspects of teaching to support them better</li> <li>○ Support to set better targets which will include their specific expertise for teachers to implement</li> <li>○ A group or individual work with outside professional</li> <li>○ The school may suggest that your child needs some agreed individual support in school. At Green Lane Primary Academy present Statement of Special Educational Needs are being converted to Education, Health and Care Plans.</b> This means your child will have been identified by the class teacher/SENCO as needing a <b>particularly high level of individual or small group teaching (more than 20 hours a week)</b>, which cannot be provided from the budget available to the school.</p> <p>Usually your child will also need specialist support in school from a professional outside the school. This may be from:</p> <ul style="list-style-type: none"> <li>• STARs Team, Hearing Impaired Team, Visually Impaired Team Physical and Medical Team</li> <li>• Outside agencies such as the Speech and Language therapy (SALT) Service, Educational Psychologist and</li> </ul>	<p>child's needs (as described in the paperwork provided), seem complex enough to need an Education, Health and Care Plan assessment. If this is the case they will ask you and all professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the support at School Action Plus. After the reports have all been sent in the Local Authority will decide if your child's needs are severe, complex and lifelong and that they need more than 20 hours of support in school to make good progress. If this is the case they will write a Statement of Special Educational Needs or an Educational Health Plan. If this is not the case, they will ask the school to continue with the support at RANGE 3.</p> <p>The Statement or Educational Health Plan will outline the number of hours of individual/small group support your child will receive from the LA and how the support should be used and what strategies must be put in place. It will also have long and short term goals for your child. The additional adult may be used to support your child with whole class learning, run individual programmes or run small groups including your child.</p>	<p>support in school</p>
